

Thai-German Technology Conference

Energy Efficiency in Buildings & Solar PV Rooftop

September 25, 2017

Surasak 1 Room, Eastin Grand Hotel Sathorn Bangkok

www.german-energy-solutions.de

Opening	
08.30	Registration
09.00	<p>Welcome remarks <i>Dr. Roland Wein</i>, Executive Director, German-Thai Chamber of Commerce (GTCC)</p> <p><i>Jan Scheer</i>, Deputy Head of Mission and Head of Economic Affairs, Embassy of the Federal Republic of Germany, Bangkok</p>
Market Development in Thailand and Germany	
Keynote Address	
9.15	<p><i>Dr. Acharawan Chutarat</i>, Committee Thai Green Building Institute (TGBI)</p>
9.45	<p><i>Dr. Prasit Siritiprussamee</i>, Director, Engineering and Regulatory R & D Department Energy Regulatory Commission (ERC)</p>
Energy Efficiency in Germany at a Glance	
10.15	<p>Introduction of German Energy Solutions Initiative “energy solutions – made in Germany” and German companies <i>Manolita Wiehl</i>, Consultant by Order of the initiative “energy solutions – Made in Germany” of the Federal Ministry for Economic Affairs and Energy (BMWi) The Renewables Academy AG (RENAC)</p>
10.30	<p>The German Sustainable Building System DGNB - Best Practice Examples from Germany <i>Dr.-Ing. Robert Himmler</i> German Sustainable Building Council (Deutsche Gesellschaft für Nachhaltiges Bauen)</p>
11.00	Coffee Break and Photo Session with all Speakers
Sustainable Building Concepts & Building Solutions for Thailand	
11.20	<p>Design of smart & sustainable buildings <i>Sredej Bunnag</i>, Senior Architecture, LEED AP Architects 49 Limited</p>
11.40	<p>Pluggable, decentralized electrical installation for sustainable buildings <i>Frank Sinnecker</i>, Regional General Manager Wieland Electric GmbH</p>
12.00	<p>High quality heating equipment, boilers and industrial solutions <i>Stefan Dittrich</i>, Business Development Director ASEAN Viessmann Werke GmbH & Co. KG</p>
12.20	Q & A

12.30	Lunch
Energy efficient systems & solutions for buildings	
14.00	Latest Product and Technologies for Building <i>Jiramon Khrutchan, Sales Manager Thailand</i> WILO SE
PV Solar Rooftop in Thailand – Status Quo and Future Developments	
14.20	Department of Alternative Energy Development and Efficiency (DEDE) <i>Patthamaporn Poonkasem, Director of Innovation Group, Bureau of Solar Energy Development</i>
14.40	Introduction to Thammasat University’s Solar Rooftop Project / “Sustainable University” <i>Asst. Prof. Dr. Prinya Thaewanarumitkul, Vice Rector for Administration and Sustainability, Thammasat University</i>
15.00	Coffee Break
15.20	PV System with Battery Storage <i>Tanikan Siripunsaring, Project Manager, SMA Solar</i>
15.40	Solar PV Rooftop Solutions for Warehouses/Logistics <i>Wisate Chungwatana, Chief Executive Officer, WHA Utilities & Power Public Co., Ltd.</i>
16.00	Q&A
16.10	Wrap-up and Closing of Conference
Meet the Speakers	
16.10	Networking and Individual Meetings
17.30	End of Conference

Moderator: Thomas Chrometzka, Director Renewable Energy, GIZ
